*The following guidelines have been compiled from recommendations published by the International Tennis Federation, Tennis Canada and Tennis BC as well as Provincial and Municipal Health Authorities and the [viaSport Return to Sport Guidelines](#). They are the currently understood best practices for participation in tennis for the **general population**. **Individuals living with a disability MAY be at greater risk of negative health outcomes related to COVID-19.** It is the responsibility of all participants to assess their own unique health risks and the safety/preparedness of their local tennis club when considering returning to play.*

GENERAL

- All activities must be in alignment with the [viaSport Return to Sport Guidelines](#).
- All activities must also follow all national, provincial, municipal and local orders as well as all Provincial Health Officer orders and recommendations including:
 - a. Prohibition of gatherings of 50 people or more;
 - b. Physical distancing of at least two metres off the field of play;

 - **Exhibit any symptoms of a cold, flu, or COVID-19 including a fever, chills, cough, shortness of breath, sore throat and painful swallowing, stuffy or runny nose, loss of sense of smell, headache, muscle aches, fatigue and loss of appetite.**
 - **Have had any of the above symptoms in the last 10 days.**

- **Individuals experiencing a fever, new cough, or difficulty breathing or anyone who is concerned they may have COVID-19 should call 8-1-1 to talk to a nurse at HealthLinkBC to get advice about how you are feeling and what to do next.**
 - Are under the direction of the provincial health officer to self-isolate
 - Have travelled outside of Canada in the last 14 days
 - Have been in contact with someone with COVID-19 in the last 14 days.
- **Any player with a medical condition which may elevate the risk of serious COVID-19 symptoms is encouraged to consult their medical professional before beginning participation.**
- **BCWSA will follow a phased approach in its return to sport programming.** The levels are detailed briefly below. Transition between levels will be informed by BC's Restart Plan and the viaSport Sport Activity Phases (*see references at the end of this document*) but is ultimately at the discretion of BCWSA's Staff and Board of Directors.
 - BC Wheelchair Sports Association may stay within a level or revert back to a previous level if it is deemed necessary to mitigate risk of transmission within our programming.
 - The health and safety of our participants, coaches and staff remain at the core of all decisions relating to training levels.
 - Any regression of the Provincial Phases will result in renewed cancellations and reversion to previous programming levels.
 - This document is specific to Levels ONE, TWO, and THREE. Updates will be provided as appropriate before transitioning to Level FOUR.

EQUIPMENT

- **Tennis Balls**
 - Coaches should exercise caution with tennis balls and ask players to avoid touching them.
 - Sets of tennis balls (as well as any ball tubes or hoppers) should be restricted to a particular group and should be clearly labelled as such.
 - Players can assist the coach in collecting tennis balls by pushing them forward with their racquet but only the coach should pick up the balls.

- Where possible – coaches should favour continuous play over feeding drills requiring large numbers of balls.
- **If training involves simulated match play players should have their own clearly labelled tennis balls and should serve only with their tennis balls.**
- Ball Machines
 - Ball machines should be utilized with heightened caution at this time.
 - Balls should be changed/replaced between users and the machine sanitized to prevent cross-contamination.
 - Only the individual operating the ball machine should touch the tennis balls at any time.
- There should be no sharing of equipment.
 - Players who rent chairs, rackets etc. will be assigned individual equipment for the duration of the pandemic.
 - All necessary equipment should be brought to the facility and taken home again by the player.
 - Players should bring their own water bottles and food instead of relying on public facilities.
- Players are encouraged to sanitize their racquet and any other equipment on a frequent basis including before and immediately after playing.
 - Although some clubs may provide sanitizing supplies players are encouraged to bring their own to avoid having to touch communal items.
- Coaches should limit teaching aids such as markers and targets as appropriate.
 - When used only the coach should touch the equipment.
 - All equipment must be sanitized before, after and between lessons.

FACILITY

Clubs and sporting facilities must have operational security procedures in place during the crisis related to COVID-19. These procedures must also be well displayed and communicated to all users. *The following guidelines will be applied in all BCWSA operated facilities and are recommended in all facilities in which BCWSA funds or sanctions a program. Clubs may amend the following guidelines to suit the realities of their facilities assuming they provide COVID-19 safety plans to BCWSA for review.*

- Clubs should conduct a full and comprehensive review of their facility to analyze risk and exposure areas.
- A **touch map** displaying frequently touched surfaces should be kept on site and a plan to clean those areas on a regular basis and especially before, after and between lessons should be developed.
 - All staff should be trained in proper sanitation protocols.
 - Staff should sign off after completing cleanings on a designated checklist.
- Personal Hygiene and Protection against COVID-19 posters should be displayed prominently throughout the facility and on court.

- [COVID-19 Infographic](#)
- [Physical Distancing poster](#)
- [Handwashing poster](#)
- [Do not enter if you are sick poster](#)
- The use of outdoor courts and facilities is preferred whenever possible however where indoor facilities are necessary (due to weather or availability) care should be taken to ensure appropriate physical distancing is possible.
- All doors accessible to the public should remain open when possible to avoid contact with door handles unless automatic.
 - Where possible facilities should choose accessible entryways and exits for individuals requiring them.
- All score cards must be removed.
- Soap or hand sanitizer must be made available to all clients in various locations throughout the facility including at all entrances/exits.
- Access to the locker rooms should be limited as much as possible.
- Bins should be available on and off court to dispose of wipes and other PPE.

PROGRAMMING

- All staff and coaches should be trained in new protocols and the proper sanitization of equipment.
- Participation will be limited to a maximum ratio of **four participants to one coach** and where possible BCWSA suggests a maximum of two players per court however this may be amended due to court availability or the age of participants.
- Programs should operate with the minimum number of necessary staff to reduce contacts.
- All participants (or their parents for participants under 18) will be required to sign an updated [BCWSA Waiver/Assumption of Risk](#) (Appendices B & C) AND [COVID-19 Declaration](#) (Appendix D) outlining the risks associated with COVID-19.
- All BCWSA will follow a new [BCWSA Illness Policy](#) (Appendix E) and [Outbreak Response Protocol](#) (Appendix F).
- **Routine Daily Symptom Screenings**
 - Coaches, volunteers and staff will be required to complete daily (before each lesson) self- health assessments using the BC COVID-19 Self-Assessment Tool (<https://bc.thrive.health/covid19/en/>) and BCWSA COVID-19 Declaration.
 - Coaches will require self-certification by all players that they are in good health and not experiencing any symptoms before beginning each lesson. Players are required to complete the BCWSA COVID-19 Personal Health Attestation before each lesson to certify the above.
 - Coaches will also assess their own health before each lesson and will check in with a direct supervisor to confirm their health status.

- **Any individual (coach, participant or volunteer) exhibiting or experiencing the symptoms of a cold, flu, or COVID-19 including a fever, chills, cough, shortness of breath, sore throat and painful swallowing, stuffy or runny nose, loss of sense of smell, headache, muscle aches, fatigue and loss of appetite must stay at home and may not attend lessons until those symptoms have completely disappeared.**
- **Additionally, per the BC provincial health office and BC CDC:**
 - anyone who has had symptoms of COVID-19 in the last 10 days must self-isolate at home; symptoms include fever, chills, new or worsening cough, shortness of breath, sore throat and new muscle aches or headache.
 - anyone under the direction of the provincial health officer to self-isolate must follow those instructions
 - anyone who has arrived from outside of Canada, or who is a contact of a confirmed COVID-19 case, must self-isolate for 14 days and monitor for symptoms
- Any individual who may be experiencing symptoms of COVID-19 should refer to and follow the guidance of the **BCWSA Illness Policy**. In particular:
 - **Inform an individual in a position of authority (coach, team manager, program coordinator) immediately if, you feel any symptoms of COVID-19 a fever, chills, cough, shortness of breath, sore throat and painful swallowing, stuffy or runny nose, loss of sense of smell, headache, muscle aches, fatigue and loss of appetite.**
- All participants and coaches will be required to practice good hygiene (frequent hand washing with soap and water and use of hand sanitizers; avoid touching one's face; respiratory etiquette; disinfect frequently touched surfaces).
 - Staff will wash hands or sanitize their hands as well as all equipment before, after and between programs.
 - Coaches will ask & remind their students before each class to ensure they are beginning their class with sanitized hands and equipment.
- Attendance in all programs must be tracked diligently (including program, date, other attendants) and contact details maintained for all attendees should it become necessary for Public Health to contact them.
- **Training times/groups will remain consistent** – athletes will be scheduled to train on the same day, at the same time, with the same group of athletes.
- Registration
 - All program registration will be completed online.
 - All registration fees must be paid online or via the phone by credit card. No cash payments will be accepted at this time.
- Lesson times will be staggered to allow buffer time for the departure of one individual or group before arrival of the next.
- Players should arrive at the venue close to their allotted starting time dressed to play and should leave immediately after.
 - Players who arrive early should wait in their car, not in the clubhouse.

- Players who need to transfer from a day chair to sport chair should do so outside of the courts whenever possible to limit the possibility of an opponent's ball striking their chair during play.
 - See below for further information for **Athletes Requiring Assistance to Participate**
- Where space is limited players should leave one at a time in a predetermined order or as communicated by the coach. Other players should wait on court until their opponent completes their transfer and leaves.
- Coaches must maintain a 2 metre distance from athletes at all times during training. Only verbal cues will be provided during the training session. If the coach must be closer than 2 metre (for example in the event of an athlete injury that requires the coach to physically attend to the injury), the coach must wear personal protective equipment (PPE).
- As appropriate, Visual cues may be utilized during practice to ensure athletes maintain a 2 metre distance during training times
- Spectators
 - At this time no spectators will be allowed at programs.
 - Unless the parent is an assistant, parents and spectators will not be able to attend training sessions and will be expected to drop off/pick up the athlete at a pre-determined time
- First aid
 - Staff are to follow all OFAA protocols for COVID-19 - <https://www.worksafebc.com/en/resources/health-safety/information-sheets/ofaa-protocols-covid-19-pandemic?lang=en>
 - First aid protocols for an unresponsive person during COVID-19 - <https://www.redcross.ca/training-and-certification/first-aid-tips-and-resources/first-aid-tips/first-aid-protocols-for-an-unresponsive-person-during-covid-19>
 - First Aid Kits should be stocked with **Latex Free PPE** as many individuals with a physical disability also have a latex allergy that may result in anaphylactic shock.

ATHLETES REQUIRING ASSISTANCE TO PARTICIPATE

- Participants requiring personal assistance to participate in tennis programming (ie. transferring between day chair and sport chair, strapping, taping) should bring an assistant with them to programming.
 - Regretfully Coaching Staff cannot assist participants with personal needs at this time.
 - Assistants may help the athlete to prepare for the program and then must exit the training facility until the end of programming when they can again assist the participant in departing.
 - The assistant must be prearranged by the participant and communicated with programming staff ahead of their arrival at the program.
 - Assistants can only assist their own participant.

- Assistants will be required to follow the same guidelines as participants and will be required to complete a BCWSA Waiver/Assumption of Risk and COVID-19 Declaration.
- Individuals who cannot provide their own assistant but do require assistance to participate should contact Program Staff directly to explore other options.

COMMUNICATIONS

- Return to Play Guidelines will be posted on the website on the [COVID-19 and Return to Sport Page](#) and distributed to all coaches, participants, and relevant facilities via email.
- New registration and programming protocols will be clarified for all participants in an email outlining the resumption of programming.
- Public Health notices will be displayed prominently around the facility and on courts.
 - All notices will also be posted on the website and in emails
- An online webinar detailing changes to programming and the self-assessment can also be found at www.bcwheelchairsports.com on the [COVID-19 and Return to Sport Page](#).

TRAINING CAMPS AND CLINICS

- All of the above guidelines also apply to training camp and clinic settings.
- Coaches should remind all participants of the above guidelines prior to and at the beginning of training camp.
- Training camps may include both on-court and off-court sessions including but not limited to: training, match-play, testing, and IST/educational sessions (sport psych, nutrition, anti-doping etc.).

TRAVEL

- While provincial travel restrictions have been lifted as of June 25, 2020, travel for the purposes of sport should still be slowly introduced.
- It is recommended that individuals remain primarily within their region when travelling for sport in order to limit the number of groups that they are coming into contact with. Exceptions may include travel to attend a high performance or demographic specific training camp/
- Inter-provincial competition is not permitted at this time.
- International travel is not recommended at this time.
- If an individual chooses to travel internationally, they are required to self-isolate for 14 days under both provincial and federal orders upon return to Canada.
- If choosing to travel, the following recommendations are in place for individuals:
 - Check before you go - consider the number of active cases in the community/region to which you are travelling and respect travel advisories
 - If sick, do not travel. You will not be able to participate.

- Wash your hands often
- Practice safe physical distancing, two meters distance from others
- Wear a mask if you cannot keep a 2m distance from others

LOCAL COMPETITION

- At this time BCWSA is not recommending a return to sanctioned or international competition however local competitions – such as league – may be resumed in Level 3.
- All of the above guidelines apply to the local competition setting as well with the exception of the Equipment Guidelines requiring players only serve with their own balls.
- **All players must complete a Personal Health Attestation before participating in a local competition. Players who do not, or cannot, complete the attestation will not be permitted to participate.**
- Players waiting to begin their match should do so outside of the court surface and should maintain physical distancing at all times while waiting.
- All players must sanitize their hands immediately before and after match play.
- Score cards will not be used in the local competition setting and players should be reminded to confirm the score before putting the ball in play when preparing to serve.
- In the local competition setting only the balls assigned to their court should be handled by the players. Balls from other courts must be returned without handling them.
- When changing ends of the court, players should do so on opposite ends of the net as possible to avoid proximity. When only one end of the net allows passage for the sport wheelchair players should proceed one at a time.
- At the end of the match, players should congratulate one another while avoiding any form of contact and maintain a safe distancing of 2m.
- Players choosing to participate in Tennis BC sanctioned competitions such as Summer Series Events are required to follow all guidelines in the [Tennis BC Guide For Indoor Tournaments In The Context Of Covid-19](#)

APPENDIX A – RETURN TO PLAY RECOMMENDATIONS FOR PLAYERS

RETURN TO PLAY RECOMMENDATIONS – WHEELCHAIR TENNIS

*The following recommendations have been compiled to assist Wheelchair Tennis players in making a safe return to **independent, recreational play in their home community**. They have been compiled from recommendations published by the International Tennis Federation, Tennis Canada and Tennis BC as well as Provincial and Municipal Health Authorities. They are the currently understood best practices for participation in tennis for the **general population**. **Individuals living with a disability MAY be at greater risk of negative health outcomes related to COVID-19**. It is the responsibility of all participants to assess their own unique health risks and the safety/preparedness of their local tennis club when considering returning to play.*

BEFORE YOU PLAY

- Make sure that your city or region allows tennis play based on the government authorities' criteria for the progressive lifting of confinement measures and that your municipality permits the use of tennis courts.
- Play only with family members, persons living in your household, individuals within your bubble or individuals considered to be low risk.
 - Wherever possible players are encouraged to play with the same people each time.
- **DO NOT PLAY** if you or your playing partner:
 - **Exhibit any symptoms of a cold, flu, or COVID-19 including a fever, chills, cough, shortness of breath, sore throat and painful swallowing, stuffy or runny nose, loss of sense of smell, headache, muscle aches, fatigue and loss of appetite.**
 - Have had any of the above symptoms **in the last 10 days**.

 - Have travelled outside of Canada in the last 14 days
 - Have been in contact with someone with COVID-19 in the last 14 days.

 - Wash your hands with disinfectant soap and water for at least 20 seconds before going to a tennis court.
 - Bring hand sanitizer.
 - Clean your equipment including your racquet, chair and water bottles.

 - Make sure you have enough water before leaving the house to avoid having to touch a tap or water fountain handle.
 - If you cough or sneeze, do so in a tissue or in your sleeve.

APPENDIX A – RETURN TO PLAY RECOMMENDATIONS FOR PLAYERS

- Avoid touching door handles, gates, benches and all other objects where the virus could survive. If you touch something, make sure to wash your hands and disinfect the surface you have touched.

BCWSA OUTBREAK RESPONSE PROTOCOL

The purpose of the Outbreak Response Protocol is to aid in the contact tracing of those individuals who may have come into contact directly or indirectly with an infected individual and help prevent the community spread of COVID-19. The early detection and immediate implementation of enhanced cleaning measures are two of the most important factors in limiting the size and length of an outbreak. BC Wheelchair Sports is fully committed to the health and safety of its members and will be implementing the following action plan to limit exposure.

1. Every BCWSA sanctioned program, event and ongoing administration must follow the Return to Sport/Work guidelines approved by the BCWSA Board of Directors.
 - a. In the case of an outbreak, the attendance lists for every training session, program or event will be essential to following the Outbreak Protocol and ensure that contact tracing can take place.
2. Each sport must designate an Emergency Covid-19 Outbreak Response Coordinator, as well as a back-up individual for this position (this person can be common to all three BCWSA sports and serve as the Coordinator for the BCWSA offices)
3. All Individuals must follow the BCWSA Illness Policy
4. If an outbreak at a BCWSA program, event or office is confirmed, in addition to the Illness Policy, the following Outbreak Protocol must be adhered to:
 - a. The Outbreak Response Coordinator (ORC) will ensure that the Public Health Authority has been notified of the outbreak as soon as possible
 - i. The list of Public Health Authority contacts will be provided to the ORC for each community related to program/event/office before the resumption of Return to Sport/Work activities.
 - b. The ORC will obtain the attendance list and contact information of all attendees and provide this to the Public Health Authority to facilitate contract tracing
 - c. The ORC will notify the program/event/office attendees that an outbreak has occurred so that they may follow the BCWSA Illness Policy. They will not provide information as to who has become ill.
 - d. The ORC will notify the facility contact to ensure appropriate disinfection is completed. In the case of the BCWSA Offices, partner organizations will be notified of the outbreak.
 - e. The Program/Event/Office activity will be suspended until such time as the ORC and Executive Director, together with the Public Health Authority can determine if the program/event/office will be shut down for a period of time (ie. minimum of 14 days) due to the outbreak and any further steps that may be necessary.
 - f. The BCWSA Communication Staff person will be notified to manage any necessary communication response to the outbreak.

APPENDIX F – BCWSA OUTBREAK RESPONSE PROTOCOL

- g. The program/event/office activities will resume under the guidance of, and with the permission of the Public Health Authority and the BCWSA Executive Director.
- h. Individuals may only return to programs/events/office if they have followed the BCWSAS Illness Policy and in the case of a positive test, have been cleared by their physician to return. Documentation will be required indicating the individual is cleared to return and/or has a negative test result.
- i. In the case of athletes, when appropriate and with permission, the Chief Medical Officer, or lead medical personnel for the sport will be notified to support ongoing care of the individual as they resume training.
